

# Humanitarian toolbar icons v. 01

This is the additon to the Humanitarian icon theme to complete the look.

## Instructions:

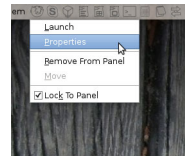

1. Uncompress the files to a location of your choosing.
2. I recommend placing them in the .icons folder of your home directory (~/.icons)
3. Right mouse button click the launcher on the toolbar.
4. Select Properties
5. In window A, click the icon of the launcher
6. In window B, click "Browse" at the top right corner
7. In window C, select or input the path to the icons and click "Open".  
**Note: Only highlight the destination folder, do not enter it.**  
*See illustration.*
8. In window B, select the appropriate icon and click "OK"
9. In window A, click "Close"
10. Enjoy.
