Install necessary applications :

Nautilus-elementary :

(source http://www.webupd8.org/2011/03/install-nautilus-elementary-2322-in.html)

Ubuntu 11.04 and 10.10
Add the Nautilus Elementary PPA and install the latest 2.32.2 in Ubuntu 11.04 Natty Narwhal and 10.10 Maverick Meerkat using the following commands:

```
sudo add-apt-repository ppa:am-monkeyd/nautilus-elementary-ppa
sudo apt-get update
sudo apt-get upgrade
```

"sudo apt-get upgrade" is required because Nautilus Elementary has some extra dependencies: ne-terminal-config and xterm.

Once installed, you must restart Nautilus using the following command:

```
nautilus -q
```

Ubuntu 10.04
Add the Nautilus Elementary PPA and install using the following commands :

```
sudo add-apt-repository ppa:am-monkeyd/nautilus-elementary-ppa/ubuntu
sudo apt-get update
sudo apt-get upgrade
```

"sudo apt-get upgrade" is required because Nautilus Elementary has some extra dependencies: ne-terminal-config and xterm.

Once installed, you must restart Nautilus using the following command:

```
nautilus -q
```

Gnome global menu applet : (not indispensable)

Ubuntu 10.10 Maverick Meerkat
Add the Gnome global menu applet PPA and install using the following commands:

```
sudo add-apt-repository ppa:nilarimogard/webupd8
sudo apt-get update
sudo apt-get install gnome-globalmenu
```

then logout / login and add to your panel gnome global menu applet.

Ubuntu 10.04
Add the Gnome global menu applet PPA and install using the following commands:

```
sudo add-apt-repository ppa:globalmenu-team/ppa
sudo apt-get update
sudo apt-get install gnome-globalmenu gnome-applet-globalmenu gnome-globalmenu-common
```

then logout / login and add to your panel gnome global menu applet.

GTK Engine murrine : include by default in ubuntu
